

**SHUTTING DOWN OF THE LP PLANT OF BHADRAVATHI  
STEEL LTD**

**Sri ABDUL KHUDDUS ANVAR:**—(Bhadravathi) Sir, I had given notice of Call-attention on the 11th of March 1970 with regard to the shut-down of the L.D. plant at Bhadravathi Iron and Steel Limited, where the Government may lose about Rs. 7 crores per annum.

**MR. SPEAKER:**—I shall send for the papers and find out.

**Sri ABDUL KHUDDUS ANVAR:**—I learn from your office that the reply is ready.

**MR. SPEAKER:**—We have received a number of call-attention notices. According to rules we are entitled to put only one every day in the order of priority according to the date and time of notice. I shall send the reply to the Hon. Member if it is ready. The office has maintained a regular register.

**Sri ABDUL KHUDDUS ANVAR:**—You have to pull up the Ministers and see that replies are given promptly.

**SRI AZIZ SAIT:**—Sir, most probably tomorrow is the last day. I had sent two call-attention notices, one regarding selection of Deputy Registrars of Co-operative Societies where favouritism is shown to people of Bombay-Karnatak area, and the other regarding wrong translation of Question papers of VII Standard, where there are a number of mistakes about construction of sentences and wrong translation, etc. If I do not get the replies in time, what is the use of sending the call-attention notices? To my previous call-attention notice, a reply was sent to my house. Why this discrimination?

**MR. SPEAKER:**—I shall look into it.
